The argument of the present indictment will come off next Thursday, and, whatever may be the result attending such argument, I have made up my mind it is my duty to invite the attention of the District Attorney, as I now do in open Court, to the question whether if your client be guitty of the killing of Alice Bowisby he is not guilty of a higher offence than the one he is now indited for, and whether the facts which came out on the former trial may not prima facte.

If there was a Grand Jury in session in this Court I should call them in and charge them on the subject now, but the District Attorney can invite the attention of the Oyer and Terminer's Grand Jury to the subject. I have called your attention to this matter in open Courtin order that you may be publicly apprised of my views and not be taken hereafter by surprise.

ef the County Court House for work actually dene during the month of January. Referred to the Committee on County Buildings.

SOURCES OF DANGER IN THE NEW COURT HOUSE. A report was received from the Committee on County Offices to the effect that a source of great danger to the new Courf House was the present system of heating that building, and calling attentien to the inadequacy of the force now employed in taking care of the heating apparatus. The filthy condition of the other county buildings was also commented on. It was recommended that an additional number of firemen and cleaners be employed accordingly, and a motion to that effect was made and carried under a suspension of the rule, by which the report should be laid over. The Board then adjourned to Monday next.

Board of Assistant Aldermen. The felices and spokesmen of this fifth wheel of the municipal ceach met yesterday, at two o'clock, and adjourned without transacting any business of public importance.

Preposed Utilization of Salt Water.
The Common Council's high joint special committee, appointed to consider the feasibility and advantages of using the salt water for the extinguishing of fires and for sanitary purposes, met yesterday morning in the City Hall to receive plans and hear arguments on the subject. Mr. J. H. and hear arguments on the subject. Mr. J. H. Pinckney and Mr. A. B. McDonaid, of the Board of Fire Underwriters, appeared before the committee. Mr. Pinckney said that he felt thoroughly impressed with the fact that the present supply of fresh water was inadequate, and that it would become more and more inadequate every day. We have, Rowever, an inexhaustible supply of sait water at our very doors, and it could be used in cleaning the sewers and extinguishing fres. The speaker thought that something should be done at once to make sait water available for that purpose. Some of the merchants in South street had already used sait water in putting out fires.

Mr. McDonald also urged the intreduction of sait water frem the rivers for the purposes proposed. The project had already received the approval of a committee of the Chamber of Commerce, as well as of General Shaler and the Engineer, Mr. Tracy.

Some plans were then submitted by Messrs. Thomas Miller and William Nelson, Ir., and the committee adjourned to meet again next Monday, at eleven o'clock, when they hope to see all persons present who may be interested in the project.

The Comptroller's Fight with the Tenth National Bank.

Deputy Chamberlain W. B. Palmer, President of beputy Chamberlain W. B. Palmer, President of the Tenth National Bank, has addressed a letter to the Comptreller denying the accuracy of Mr. Green's recent statement to the Mayor that he has been unable to gain access to any of the vouchers, checks or pay-rolls on which the Tenth National

checks or pay-rolls on which the Tenth National Bank made the famous advances to the old Commissioners of the County Court House, Messrs. Ingersoll, Norton, Coman and Walsh.

Mr. Palmer proceeds to point out what he considers a number of errors in Mr. Green's statements, and concludes his letter as follows:—"I can account for these errors only by a desire on your part to implicate my bank in the frauds alleged to have been perpetrated by the Court House Commissioners. It has aiready been decided by our Courts that the bank was in no way responsible for the misappropriation of the moneys by these Commissioners. You have had an abundant opportunity before Judge Hoffman, a referee appointed for that special purpose, to prove any misconduct by the bank in this respect, and you failed to prove anything, and now I repeat to you what, as you ought to know, the officers of the bank have selemnly sworn to, that they did not know of any misapplication of those meneys."

Another Committee Waiting on the

Yesterday afternoon a delegation from the Workingmen's Union waited on Mayor Havemeyer, to whom they were introduced by Comptroller Green. The delegation consisted of Isaac Wood, President of the Workingmen's Union; Denis S. Grimn, of the Carpenters' Union, Secretary; John Wood, Typo-graphical Union No. 6; George Biair, Packing Box Makers' Society; James Carsey, Bricklayers' Union No. 4, and Bernard Rice, Bricklayers' Union No. 2. The President. in stating the object of the visit.

said that a number of persons were now engaged in using the sidewalks of the city as workshops for the manufacture and repair of packing boxes and for the storage thereof, contrary to the ordinance in that case made and provided. In consequence of this it was impossible for other manufacturers, who have to pay rent for their shops and stores, to compete with men to whom the city furnishes such accommodations rent iree. As a result of this evil wages were considerably reduced and many men in that trade were out of employment altogether. Here a queer-looking genius, hitherto unnoticed, "wanted to know, you know," something which he could not clearly explain. He did not belong to the delegation, but had quietly slipped into the room as one of its members. The Mayor asked him if he had any complaint to make. He had not, so one of the clerks politely put him out.

The Mayor then made a speech about the old times and other administrations, and at last promised to look into the matter spoken of by the delegation, in the hope of finding a remedy for the alteged evil; after which the delegation thanked his Honor and withdrew.

The Additional Court Room for the The Committee on County Offices of the Board of Supervisors, having come to the conclusion that

rooms of the office of the Clerk of the Board of of Supervisors might be made more useful than at present, have decided to use the room for a court room for one of the branches of the Court of General Sessions, and workmen are now engaged in fitting up the room. The Clerk's office will be transferred to the office formerly occupied by the new Court House Commissioners, on the third floor of the new Court House.
